COMMISSION GOVERNMENT.

Kansas City Times.—Commission
government has amply justified its
adoption in Leavenworth, in Wichita,
in Des Moines and in every northern
city where it has been tried. It has
practically won the cities of the south
because of its wonderful popularity in
Galveston, Houston and in every city
where it has been adopted. In every
place where the people have voted to
place their municipalities under com-
mission government they have been
more than pleased with the results.
Kansas City, Kans., therefore, has a
splendid opportunity to study the
character of the opponents of the propo-
sition to adopt commission government
in that city. For the plan has worked
a hardship nowhere except upon the
franchise grabbers, the gamblers, the
lawless elements of society and the
public plunderers who have been able
to manipulate the old system to their
own profit at the expense of the people.

At tonight's session of the Board of
Supervisors the report of the Commit-
tee on Ways and Means, involving the
next six months' budget of appropri-
ations, will be considered. It is quite
likely that the Mayor's auto item will
meet the sharp edge of the ax, accord-
ing to the present feeling of some of
the Supervisors. If any increase in
salaries is to be made in any depart-
ment, the majority of the members
have made known their wishes to boost
every salary now paid in the others.

The Star shirt has given more gen-
uine shirt-satisfaction to wearers than
any on the market. It is worn all over

by the makers to the matter of fit.
There is no slip about the Star in any
respect. Silva's Toggery carries a large
stock made from beautiful material.

No one looks well in an office or store
without a coat. There is an evidence
of disregard for the conventions in a
place where the office or sales staff is
allowed to go about in shirt-sleeves. M.
McInerny, Ltd., has shown a good deal
of care in the selection of a stock of
office coats which may be seen in that
store.

AMERICANS WILL COME
ON PORTUGUESE TERMS

"The dispatch from Honolulu in yes-
terday's Press-Kiekerbocker-Express
stating that the planters of the Hawa-
ian Islands have asked the territorial
board of immigration to bring in two
thousand families of Portuguese or
other European laborers shows to what
Oriental labor has brought the employ-
ers of the islands, says that paper, in
its issue of June 3, continuing: "The
Asiaties who have constituted the
great bulk of labor in the Hawaiian
Islands are not to be depended upon.
But that the planters should seek Por-
tuguese is somewhat surprising in view
of the liberal terms they are prepared
to offer—twenty dollars a month per
man for the first year, twenty-one dol-
lars a month for the second year and
twenty-two dollars a month for the
third year, together with a cottage
rent free, an acre of land for a garden
and both house and land to become
the property of the laborer on the
completion of his three years of ser-
vice. Portuguese laborers are not the
only desirable ones in the world. If
the planters are wise they will en-
deavor to secure Americans to work
their plantations. Thousands of sturdy
Americans should jump at the chance
of acquiring a home on such easy
terms. Besides, living is cheap in Ha-
waii and with a garden of an acre of
good land the average American should
be able to save nearly all his three
years' wages. To be sure, the climate
of the Hawaiian Islands is somewhat
trying to all but natives and Asiaties
who are compelled to toil in the open
fields at hard manual labor, but if Por-
tuguese can stand it, certainly able-
bodied Americans ought to be able to
do so. Thousands of them will have
poorer opportunities in the United
States."

MEDALS FOR MERIT IN
CHRISTIAN DOCTRINE

It has been customary for the Young
Men Institute, a Catholic organization
of this city, to donate a gold medal
for both schools, the St. Louis College
and the Academy of the Sacred Hearts.
The medal goes to the pupil obtaining
the highest rank in Christian doctrine.
This year the medals were awarded to
Master Manuel Pinto of the College,
